

VIGNERONS ET TERROIRS DE LANTIGNIE KEY POINTS OF THE PRODUCTION CHARTER

The Vignerons et Terroirs de Lantignié association was set up to promote the reputation of the wines from this commune and to support winegrowers in their plans to move upmarket.

The measures added to the specifications for the "BEAUJOLAIS" appellation with controlled origin are all more restrictive and therefore comply with all the measures set out in the specifications.

Article 1^e :

The yield of vines covered by the Vignerons et Terroirs de Lantignié association is limited to 50 hl/ha for still red wines and 64 hl/ha for still white wines.

Article 2^e :

The use of synthetic chemical fertilisers is prohibited for the production of wines within the Vignerons et Terroirs de Lantignié association.

Article 3^e :

The use of synthetic phytosanitary products (excluding weedkillers) is prohibited for wine production within the Vignerons et Terroirs de Lantignié association.

Article 4^e :

The use of synthetic phytosanitary products is prohibited for wine production within the Vignerons et Terroirs de Lantignié association. A transitional period has been set aside for the use of chemically-synthesised weedkillers, which will be banned from 01/01/2023.

Article 5^e :

We encourage the use of indigenous yeasts in the production of Lantignié wines to ensure that the terroir is expressed more fully.

Article 6^e :

The maximum SO₂ content is 100 mg/l for still red wines and 150 mg/l for still white wines within the Vignerons et Terroirs de Lantignié association.

Article 7^e :

In order to preserve the typical character of our wines, the Vignerons et Terroirs de Lantignié association encourages its members to limit the use of pre-fermentation hot maceration.

Article 8^e :

In order to offer consumers wines that have reached maturity, we set the date for marketing at 15 March of the year following the harvest.

Analyses of pesticides in the wines will be compulsory; 5% random checks will be carried out each year.

Article 9^e :

Each member who signs these internal regulations makes a moral commitment to respect each of the articles of these internal regulations of the Vignerons et Terroirs de Lantignié association. These articles will be checked annually by a certifying body.
